

Using Your Rutgers NetID To Access CITI Program Online Training Website

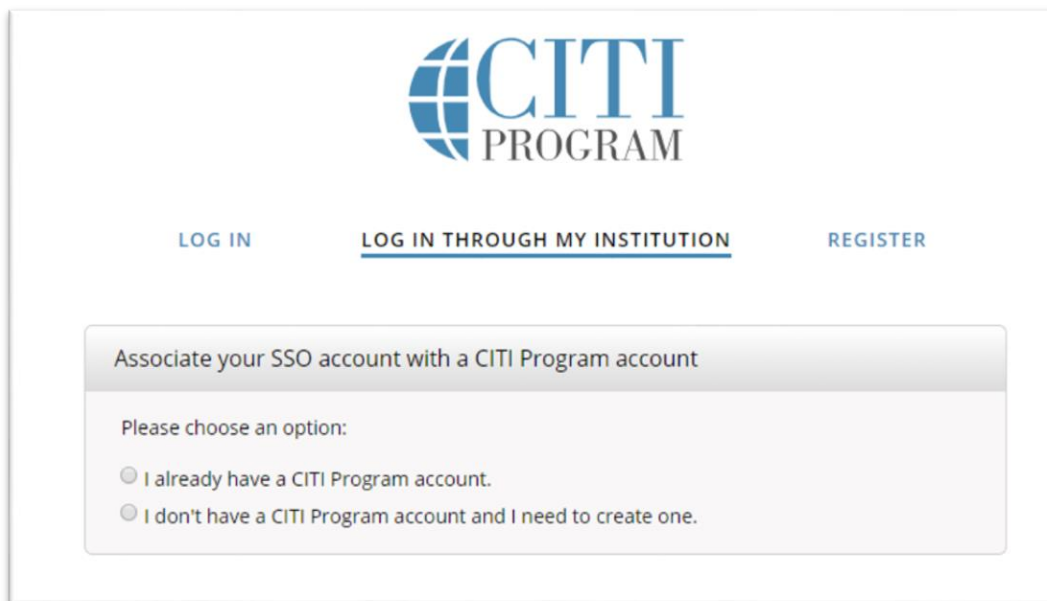

Advantages of Using Rutgers NetID

Rutgers Single Sign On (SSO) is a secure process that allows you to access the CITI Program with your Rutgers NetID and password, the same single username and password that you currently use for other Rutgers applications. Rutgers SSO eliminates the burden of creating and managing separate CITI Program credentials, identifies who you are to ensure accurate tracking and reporting of training records, and facilitates more efficient research compliance reviews.
